BIO

Brian Timoney is a 20-year industry veteran with experience across a variety of domains including energy, telecommunications, defense, and state and local government. Brian has actively participated in the Front Range geospatial community through public speaking, conducting workshops, and leading the local Geospatial Amateurs meetup group.

Brian holds a Bachelor's in Philosophy-Economics from Columbia University, a Master's in Geography from Penn State, and is an honorably discharged veteran from the United States Marine Corps.
